**W**hat's Homecoming without football? Wesleyan students didn't seem to miss the sport when November rolled around. Some students participated in intramural soccer while their classmates cheered on the sidelines. Golden Hearts were known for their "halftime" shows which often included building human pyramids and screaming the senior song. *Photo by Susan Selensky*

**S**ophomores circle the fountain to induct first-year students into the Wesleyan sisterhood during Life March. Pirates began the ceremony by singing their own version of a popular song to the Purple Knights. This sentimental part of "Rites And Traditions" has been passed down through generations of students.

# ADDITION TO *Tradition*

**F**or more than 150 years, Wesleyan has been building on tradition. As years pass, some traditions change with the trends. But, mostly, the community seeks to add to its solid foundation. **W**hen students returned to campus they were welcomed by a new telephone system, access to the Internet, a redecorated snack bar dubbed "The Bean Sprout," air-conditioning in Persons Hall and plans for a new athletic center. Additions surrounded students and staff.

**E**ven in the midst of change, traditions continued. Traditions such as baccalaureate once were lost. But when President Robert Ackerman and his wife came to campus they rekindled the tradition. Wesleyan now confirms its long association with Mulberry Methodist

Church the evening before graduation. **A**nd several years ago the provision of a new marker at the original college site sparked a new tradition with its own speaker invited by the senior

class. This new tradition led to the procession from College Street to the church. In a short time the event has become a meaningful tradition. **M**ore important than the buildings of Wesleyan is the strong foundation beneath the college built by people. Individuals like Linda Lane and her grandfather have cared for the college as Chairs of the Board of Trustees. Alumna

Ruth Knox continued this position as Lane's five year term ended in November 1994. Knox detailed Lane's contributions including the adoption of the 5-year strategic plan as she introduced the commencement speaker and recipient of an honorary degree.

**T**rustee Lane described her address. "Each institution has its drawn and shaped by the forces of plained Lane. **A**s for the college's praised, "Wesleyan's indomitable will is reflected in her powerful past and force to reckon with in the future." Dr. Mark Ledbetter spoke to the

Wesleyan's past in its own personality, its history," ex-character, she to survive which will be a major **M**arker speaker gathering at the

1995 ceremony. "We stand on the shoulders of over 150 years of others who have preceded us. And to remain true to that tradition let us now become the shoulders to stand on for those who follow." **B**eing a member of the Wesleyan community means more than being an addition to tradition, it means adding to tradition.

## STUDENT LIFE IMITATING *Tradition*

"Just a walkin' around in the rain—by North Hall," reads the caption in an old yearbook. Outside what's now called Persons Residence Hall, a group paused to be photographed for the 1945 *Veterropt*. The residence for first-year students looks the same as it did fifty years ago minus the vines.

Rainy days bring out umbrellas in 1995 as Terri Bagwell, Lisa Peppin, Sarah Weeks, Raquel Farrell, Jennifer Jones and Pam Davis go to and from class. Students didn't mind rain as long as Macon wasn't in for a repeat of the summer's flood. Duck boots and umbrellas kept them dry.

# THINGS TO *Do*

**W**hat's to do in Macon, Georgia? What's to do at an all women's college? Wesleyan students discovered new things to do every year. Still, they shared interests with alumnae. Instantly, students could identify alumnae as members of the class system. Golden Hearts, Green Knights, Pirates and Purple Knights became a part of student life shortly after sororities lost their place on campus.

**A**s for student involvement on campus, STUNT had been around for nearly 100 years. Color Rush and Homecoming had ties to the past, too. Glancing through old campus publications in the library proved to students that the more things change, the more things stay the same. RAT became "Rites And Traditions," but the spirit shown in past RATs remained. Benefit Ball, a recent tradition moved from the historic Hay House downtown to Candler Alumnae Building's Oval Hall.

**C**omputer Focus kept up with the latest Macintosh technology, providing all incoming students with Performa 475s, a big step up from the seniors' Mac Classics. And the entire campus caught on to the computer craze. Access to the Internet put students and faculty on the information highway, while construction of the improved highway in front of campus came to an end after four years of orange barrels and earth-moving machines. Hassle free phone service arrived with complete renovation of the telephone system. BTI now sent bills to students who enjoyed discounts and no longer paid for basic phone service.

**Q**uick trips to the store became even quicker with the opening of an Eckerd Drug Store next to the college. But "Krogering" was still in style after 9 P.M.. As for weekends, students often partied in Macon, Atlanta or Athens, and trips out of state occasionally dotted their calendars. While students once frequented a restaurant called "The Pig" and other downtown establishments, today's students found their own off-campus hangouts: Elizabeth Reed's Music Hall, The Sport Spot, Applebees, Darrel's, Whiskey River, and area universities. With so many activities, all-nighters were bound to happen once in a while, when things to do included cramming for a midterm or writing a research paper. That's when students headed for Denny's or Krystal.

**A**ll in all, creative students found that between schoolwork and jobs there were plenty of things to do.

# Tradition Sets Trends

The "Oldest and the Best" Carries on Traditions and Starts New Ones

Wesleyan students might not know when the class system began, but they do know that four distinct classes were formed: Golden Hearts, Green Knights, Pirates and Purple Knights. Sororities became a thing of the past even though the first ones were founded at Wesleyan—Alpha Delta Pi and Phi Mu.

As never before sisterhood was alive. Interest in Wesleyan and its traditions was sparked by Registrar Pat Hardeman's convocation "Tales from the Wesleyan Vault." Hardeman's audience packed Taylor amphitheater to hear and see Wesleyan come alive. A sisterhood which began in 1836 lives on as the spirit and traditions of Wesleyan continue.

The unique bond of spirit and sisterhood make Wesleyan a unique place to be. It is on the faces of the first-year students during life march and on campus as the alumnae return for Homecoming and Alumnae Weekend. Spirit ties all Wesleyannes together.

Tradition is the foundation of Wesleyan. The first-year students experience it in a special way during R.A.T. Homecoming is especially meaningful to the sophomores as it is their last year with their big sisters. Juniors have a year like no other, sharing the joys of Wesleyan with their little sisters. Finally, "We are tired old seniors..." echoes from the dining hall and around the fountain. From Senior Skip and Witches Rise to STUNT and graduation, memories of the traditions of Wesleyan will always be precious.

# Fresh Faces

## A Tale of Exciting Firsts for First-Year Students

We came together as high school graduates and left as the Purple Knight Class of '98. When we moved in that hot and rainy Sunday we had no idea how close we would become with each other and this school. Our Peer Advisors were waiting to move us in. Orientation became three days of constant smiles and the holding back of homesick tears. Our First-Year Seminar allowed us a chance to sit back and meet other girls with some of the same interests. None of us will forget the Mountain trip and those trust unfaithful trust walks!

Then our Big Sisters, the Green Knights, came to our rescue and answered all of our questions... "What's fun to do here?" "Where are the guys?" "Do I have to be friends with all of these girls?" Going out with our Big Sisters was an event some of us won't forget.

Next we were told to be at the fountain for a big sister/little sister pep rally. Weren't we surprised when we were surrounded by girls yelling at us and banging a drum. R.A.T. was a weekend full of cheers, "kissing up" and becoming close to our Powerful Pirates. After R.A.T. the PKs understood what being a Wesleyanne was all about. Homecoming was a chance for our class to show its Purple Spirit when we draped the campus in purple to welcome the PKs of '94.

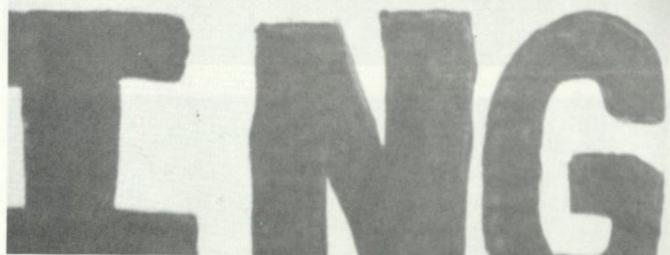

Color Rush was an easy victory for the great purple participation by all those PKs "singing in the rain." And we watched the Homecoming Pep Rally in awe as upperclasses showed their Wesleyan spirit.

From R.A.T. to Homecoming, Peer Advisors to Big Sisters, we, the Purple Knights of '98 have received more than memories from our freshman year. We have lifelong friends who welcomed us to college and introduced us to Wesleyan traditions.

# Forecast Calls for Fun

Color Rush Tradition Continues as Predicted...Students Storm the Field

Their voices penetrated the whole campus as the cloud of Purple Knights descended, raining spirit on the field. A thunderous bunch of PKs turned out for this annual Homecoming contest. With everyone dressed in purple and big crowns on their that "Purple Reigns" as they went year students proved their worth as for the Golden Hearts had been on

Yes, the Hearts thought they Color Rush with three wins behind a jukebox, a soda fountain complete bile, bobby sox, and plenty of memorable character of their Color Elvis, a.k.a. Susan Wheelis. As usual, their spirit was genuinely as golden as their hearts. With "Golden Oldies," seniors rocked out in style.

Green and Red covered their corners of the soccer field, too. Green Knights staged a sit-in complete with flower children and signs. Juniors made a statement as their Color Rush reflected on the 60's and 70's.

Pirates hit the field with a Peter Pan approach to spirit. Their display of sisterhood included a pirate ship and characters from the original tale.

Costumes amazed the judges, who had a difficult decision to make. When five minutes was up, Purple Knights definitely stood out with the largest and loudest cheering section. "I am really glad that the Purple Knights won, but I was sorry to see the Golden Hearts lose their winning streak," commented one onlooker.

# What a Rush

Classes Claim Field—Five Minutes Start to Finish

During Color Rush the Green Knights tried bringing freedom to Wesleyan with their sixties flashback theme. They carried signs claiming "free love," "green peace," and "save the males." As they shared the five minutes on the field they sported tie-dyed T-shirts, braids and jeans. Some staged a sit-in picking comfortable spots on the grass while others marched in a mock protest. In addition to the signs they collected other kinds of flower power paraphernalia.

As the Green Knights protested for peace, the ships of Captain Hook and Peter Pan battled it out on the Red side of the field.

Pirates sang "Yo Ho, Yo Ho, A Pirates Life for me," as they tried for the title. Their theme played out on the field complete with characters including the Children, Pirates,

alligators, Peter Pan, Captain Hook, and Wendy. Huge red ships sailed through the imaginary ocean full of alligators just waiting for the Pirates to make someone walk the plank. Unlike Peter, the Wesleyan Pirates would "grow up" and try for the Color Rush championship in their junior year.

Color Rush competition might have been fierce in the eyes of some, but many showed their spirit just for fun. They knew Homecoming was time to work together, making costumes and painting props, but most of all making friends.

# More than Tradition

## Students Build Lasting Homecoming Memories Each November

All of the many events of Homecoming Week at Wesleyan are brought together at the annual Homecoming Banquet which is held on the Saturday of the Homecoming Dance. During the banquet, 1994 PK President Melissa McKenzie gave a speech along with the current class presidents. The main theme of the speeches seemed to coincide with the idea behind Wesleyan Homecoming: how sisterhood ties Wesleyan's campus together.

Awards for the Penny Race, Spirit Competition, MDA Links and Spirit Messages were given to the winning classes. Also, the most valuable and the most spirited players from each class soccer team were given roses in recognition of their selection.

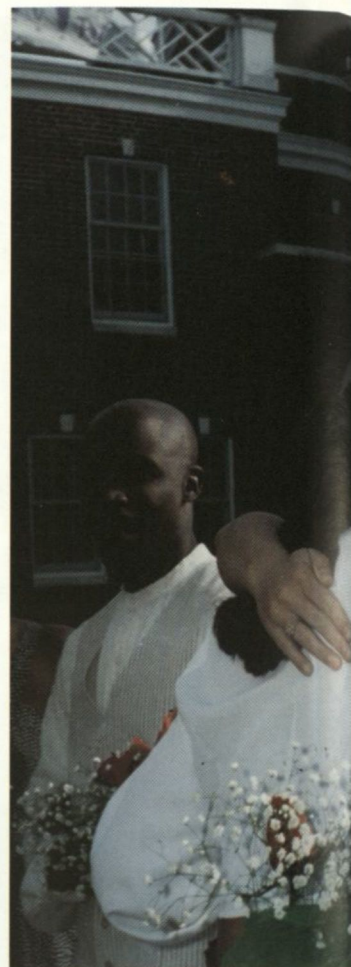

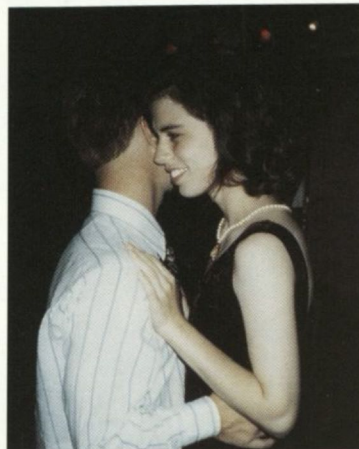

Each class sang their slow song one more time to each other, and everyone joined in to sing the Alma Mater.

Following the singing of the Alma Mater, everyone moved outside and gathered around the fountain for the presentation of the court. Wesleyan's 1993 Homecoming Queen Valerie Knopik was on hand to crown the 1994 Queen, Jenny Pozo. First-year representatives were Donna David and Alanda Hermann. Sophomore representatives were Lisa Rhein and Jenée Myers. Junior representatives were Sharon Brim and Jennifer Jones. Senior representatives were Nancy Lamb, Sally Hensley, Susan Webb, Lori Morton, Susan Wheelis and Jenny Pozo.

# Once A Year

## Homecoming Spirits Stay High on Tradition

Homecoming arrives once again and the cheering cannot be stopped. Bystanders do not quite understand what is happening, and it is something that really cannot be explained. Homecoming represents Wesleyan at its best.

This year was no exception. From the spirit messages to the dance itself, the 1994 Homecoming was filled with all kinds of spirit, making it a memorable occasion for all.

The annual class soccer games were played, and through many games, hard work, and a lot of fun, the Purple Knights proved to be the winners. The first-year class continued their busy week as they decorated the campus for the returning '94 Purple Knight Class.

The pep rally, held on the traditional Thursday night, was an opportunity for students to gather together and share songs, cheers, laughter, and tears. The different classes took their positions between the spirit-covered walls of the Loggia and watched their sisters continue tradition.

Seniors gave a glimpse of their Color Rush theme with their Senior Skits. "Golden Oldies" came alive as Golden Hearts used popular music to tie their skits together. Seniors put on a show for the school after groups wrote their scripts and practiced informally in the residence halls.

## Seniors Rise in the Form of "Witches" and Terrorize Residents

Halloween is an exciting time on Wesleyan's campus. There is so much going on that everyone is sure to find something that interests them.

The weekend begins with Wake-A-Thon. The Council on and youth from the Macon Meth-nity to come to Wesleyan for an of the boards on campus, the four set-up carnival-style booths for the from booth to booth playing games donated.

The traditional festivities Council make Halloween special year after year. The fun begins with the "Witches" rising out of the lake. The Witches are seniors chosen on the basis of participation in SRC events. They go around to all of the residence halls playing kazoos and throwing candy at the residents. The Witches spend the next day going to all of the academic buildings disrupting classes with water guns, and even wind up cancelling some classes.

That evening the students participate in the annual costume and pumpkin carving contests. Each year ARA provides the students with pumpkins to carve. The students tend to get very creative with their pumpkins. This year's winner was a wonderful creation by Susan Webb.

# Skippin' Around

## Seniors Sow Wild Oats Across the Southeast

What senior would not enjoy a 3-day weekend and the chance to flaunt it to the rest of the school? Well, that is the chance every senior gets on Senior Skip Weekend.

Late Thursday night the seniors ride around the fountain making enough noise to wake everyone on or around campus. As soon as that task is completed, they pack up and head out to their weekend destinations. This year the choices ranged from a cruise, Knoxville, TN, to the wild sights of Bourbon Street and New Orleans.

Tradition has it that all of the seniors go on a single trip, but the Golden Hearts of 1995 had minds of their own and went off in separate directions. However, the group did start out by having breakfast at Denny's together before they departed on their

journeys, which by the way all seemed to have a common theme, fun, friends, and "where's the bar?" But before leaving campus, they raised quite a bit of havoc, rolling cars and halls in the dorms. A new tradition was started this year. The Golden Hearts' little sisters took charge and cleaned up the mess that their big sisters made.

The consensus seems to be, however, that no matter where the trip is to, the chance for one last fling with classmates is an opportunity not to be missed.

# Christmas Spirit Abounds

## Lasting Bonds in Sisterhood Formed Through Holiday Spirit

The Christmas holiday is a time for exchanging gifts and being with loved ones; for Wesleyan students, however, it is also time for the roles to reverse and the esteemed faculty and staff to play hostesses to the students for a change. The banquet is truly treasured by the students and is just another instance of the closeness of the Wesleyan Community. Faculty, staff, and administration all dressed in white aprons and chefs' hats and treated the students to an annual Christmas Banquet. It was not a typical family style dinner in Anderson Dining Hall, either. The feast is by far one of the most spectacular of the year including everything from ham to spiced apple rings. The tables are piled high with food and gifts from the hostesses.

After the main course, the hostesses paraded out of the kitchen with the traditional flaming Baked Alaska Pies and placed one on each of the tables. To add a final touch to the dinner, Santa Claus came to the Dining Hall to add an extra bit of cheer.

Prior to the banquet, the Washboard Band sang carols for Wesleyan Students in the Burden Parlor, setting the mood for the evening. Following the Banquet, Wesleyannes concluded the evening with traditional carols and even a few more original pieces. The spirit of Christmas was bestowed in the souls of all present and the sight of friends together enjoying the many blessings of Christmas in the Burden Parlor was quite a sight.

## Wesleyannes Make Their Mark on Macon

But what is there to do in Macon? From sharing a quiet evening with friends in the dorms to hitting the town and the wide variety of clubs and restaurants, there seems to be something for everyone.

Many Wesleyannes choose to dance the night away at dance clubs. Chasens was especially popular with certain Hightower Residents. They were such regulars that one night the D.I.J. welcomed them as they formed a

Macon's calendar is also filled with nightlife catering to the college-age students. The annual Cherry Blossom Festival street party always draws crowds of students to listen to the various bands perform. Students are also known for attending Macon Symphony and Theater Macon Productions.

Other Wesleyannes prefer to sit back and listen to local bands at Elizabeth Reeds Music Hall. 70's Night was a big favorite at Liz Reeds.

Still others prefer to sit down with friends at the Cellar, Darylls or Sports Spot. This gives students the chance to kick back and relax after a busy day of classes and meetings.

Though going out offers a change of pace for students who spend the majority of their time in classes, meetings, and dorms, most will admit that their favorite memories are those late nights in dorm rooms and on the porches with their friends, or perhaps even at Denny's, the absolute favorite hangout. There always seems to be something to talk about or some story to laugh at. After all, that is the true spirit of Wesleyan, friendship and sisterhood.

# Split Personalities

## Residence Halls Take on Distinct Personalities

If you ask anyone at Wesleyan they will tell you that every dorm has a personality of its own. This is not to say they are not all nice places to live, they are just -- different.

Almost all Wesleyans started out residing in Persons. Some of us even remember when students were allowed to paint in the stairwell. Most first year students spend their entire year trying to decide which dorm to move into the next year. However, most of the upperclassmen will testify

to how much they miss living in Persons. They are quick to speak of open doors, the all-nighters, the late night talks, ordering Papa Johns Pizza. Nothing is ever like Persons. One question remains -- Why does 3rd floor always turn into the "party floor?"

There are three traditionally upper classmen dorms on campus, Banks, Hightower, and Jones. Banks just recently (1992) reopened after being restored. Some students, however chose to join the waiting list of students hoping to live in Jones, the only virtually co-ed dorm on the all female campus. Second floor's common area was turned into a living room and all of Jones was one big family. Still others chose to live in Hightower. Residents there seem to always have a good time. Just one thing to remember about Hightower, though, don't tell secrets - the vents will carry them to the most unusual places.

# Benefit Ball

Each year as February draws closer, the excitement around Wesleyan increases with the nearing of Benefit Ball. With music provided by the Hines-Causey Orchestra, students and their dates were able to dance the night away. This year the Ball was held in Wesleyan's own Oval Hall. This was a break from the traditional Hay House location in Downtown Macon. The Ball, which is sponsored by CSA, is an annual event at Wesleyan designed to fund a scholarship for a full-time Wesleyan student, the Suzanne Tante Memorial Scholarship. All proceeds from the event fund the scholarship.

Benefit Ball is different from all of the other events sponsored by CSA in that it is more formal, hence it is looked forward to all year.

# Woodstock

In August 255,000 people returned to the famous farm to celebrate the twenty-fifth anniversary of Woodstock. Fifty bands performed during the three-day weekend. The diverse group ranged from Salt-N-Pepa to the alternative band Blind Melon to punkfunksters Red Hot Chili Peppers. Crowds contained all kinds—former “hippies” to college students.

# Sexiest Man

This year *People Magazine* selected Brad Pitt as the “Sexiest Man Alive.” Pitt rocketed to stardom with his recent successes, *Interview with a Vampire* and *Legends of the Fall*. If Pitt’s starring roles in these hit movies weren’t enough to get the public’s attention, *People Magazine*’s award accomplished exactly that as radio and TV stations across the country spread the announcement.

# Movies

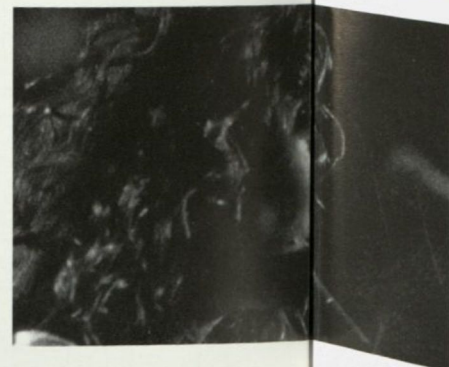

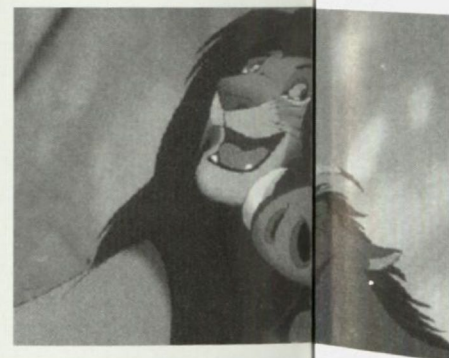

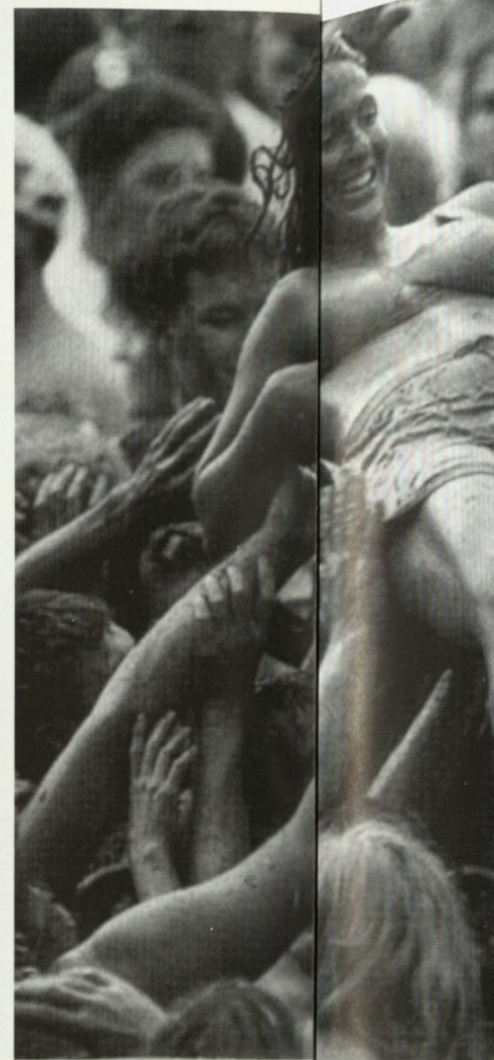

The top grossing movie of 1994 was Disney’s *The Lion King*. This movie alone grossed over 300 million dollars. Other movies that were box office hits this year were *Forrest Gump*, *True Lies* and *The Santa Clause*. The surprise hit of ‘94 was *Four Weddings and a Funeral*. The big movie of 1995 so far is *Pulp Fiction*. This movie features an all-star cast including John Travolta.

# Diplomas

With a letter to President Robert Ackerman, many members of the senior class expressed their concern for campus communication. The recent decision to forgo the traditional sheepskin diplomas for parchment sparked concern since most students were unaware that the decision had been made. At a meeting with President Ackerman and Dean Carole Brown, Golden Hearts expressed their feelings on campus issues. Administration explained the difficulties in securing sheepskin including its expense and the problems involved with sheepskin, such as its tendency to yellow and wrinkle.

# Jane Fonda

On January 12 in Porter Auditorium, Jane Fonda spoke to the Wesleyan community and guests during the Spring Convocation. Her appearance at Wesleyan was an eventful one. In fact, it became the topic of several classroom discussions. Some of the student body did not approve of Fonda's behavior during the Vietnam War, and a small group protested her appearance. Other students and community members looked forward to her speech and eagerly filled the auditorium to hear the actress' words.

# Kwanzaa

During Diversity Week the Black Student Alliance sponsored a Kwanzaa celebration. Kwanzaa is non-religious holiday that begins on December 26. It was started twenty-five years ago by black-nationalists as a celebration of family and social values. The festival celebrates seven principles: unity, self-determination, collective work and responsibility, cooperative economics, purpose, creativity and faith. During the celebration, a candle is lit each evening, the principle of the day is discussed and gifts are often exchanged.

## Disasters

---

This summer Alabama, Georgia and Florida were flooded due to a freak occurrence caused by stalled tropical storm Alberto which dumped massive amounts of rain on these states. In January, a 6+ earthquake in Kobe, Japan killed more than 5000 people—the worst quake in 200 years to hit Japan.

## Politics

---

Power changed hands in Washington as voters gave control of both the House of Representatives and the Senate to the Republicans. Newt Gingrich of Georgia became the first Republican Speaker of the House since 1954. In several state races there was surprising turnover. Both Governor Cuomo of New York and Governor Richards of Texas were defeated by Republicans.

## Tabloid Crime

---

In June former football star O.J. Simpson was charged with the double murder of his ex-wife Nicole Brown Simpson and her friend Ronald Goldman. The second in a series of abortion related killings took place Pensacola, Florida where an abortion doctor and his escort were shot. South Carolina mother Susan Smith confessed to killing her two small sons after claiming the boys had been abducted by a carjacker.

## World Crisis

---

In Sarajevo the civil war between the Bosnians and the Serbs continued despite the presence of U.N. soldiers. U.S. troops invaded Haiti to help bring an end to the military rule and to bring peace to that region. # A Class Act

## Purple Knights Stage a Star-Studded STUNT

It might have been their first STUNT, but the Purple Knights proved they could perform with the best of them. After tryouts took place, two long weeks filled with dancing and singing followed. With so many PKs there was never a lack of spirit or support.

When they thought they had driven the committee members to the point of insanity, the big night came. Nervous but excited, these first-year students took the stage. With dance moves from West Side Story backed by Broadway singing, the PKs acted out a typical "Teen-angst" Saga of the play *Romeo and Juliet*. Snobby cheerleaders, grunge guys, a nerd, and cliques were directed by Dubois and his faithful assistant Toady.

Just when the crowd thought they'd seen a typical happy ending, the PKs' twist occurred. This comedy, with a touch of the twilight zone, turned out to be a surprise as the nerd became famous, the popular cheerleader became a maid and the producer's assistant became an Elvis impersonator.

The PK committee members did a wonderful job producing and directing their classmates. Even though they didn't take the STUNT Cup, the PKs were happy for their Big Sisters, the GKs, who won. STUNT brought the PKs closer together and showed they had talent hiding inside. After it was over, the PKs said with a smile, "Wait till next year!"

# About Time

Give and Take, Pirates Keep the Crowd Awake

From peaceful Indians to protesting hippies the Pirate STUNT was full of surprises. As Celeste and her cat Moonbeam traveled through time, no one knew where they would end up next.

The story unfolds as Celeste and her cat Moonbeam enjoy another ordinary day filled with MTV and the nagging of her fed-up mother.

After ordering the new time-o-matic, which is delivered by inbred cousins Bubba and Festus, Celeste and Moonbeam begin their journey.

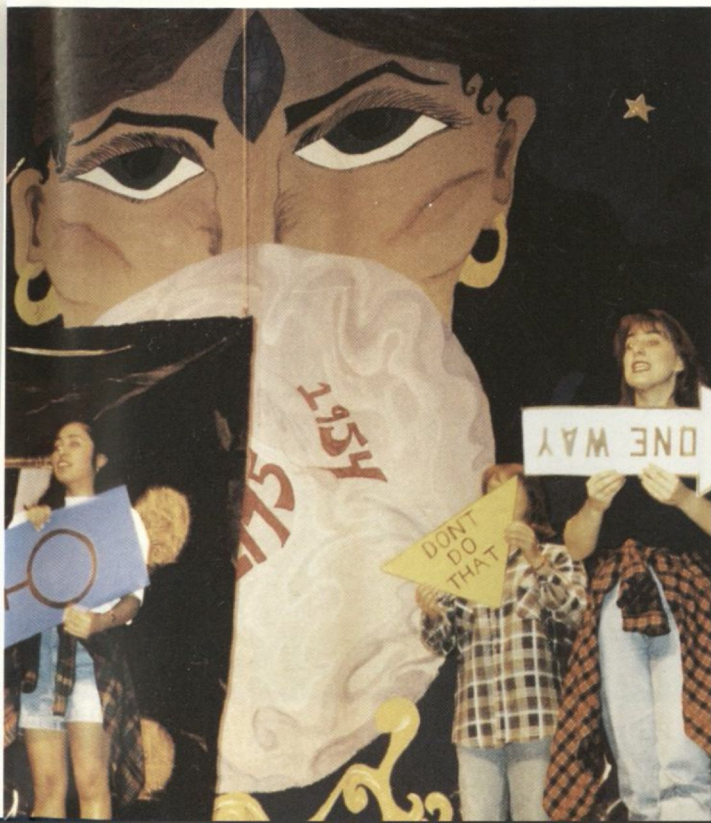

First, they are led to a tribe of Indians, who are in dire need of their assistance. Celeste willingly teaches them a dance which brings forth the rain they so desperately need. They repay her with a refreshing Coca-Cola and a mystical stone.

Next, they come upon a group of squares who try to "stuff" her time machine. With the help of some beatniks Celeste charms them out of her time machine with a jar of Ovaltine. From there the two companions interrupt a confrontation between hippies and discoers. Celeste uses a magical stone and the pet rock is invented.

Finally, she encourages them to "Give Peace a Chance." Celeste's experiences lead her to discover the true meaning of life—with a little help from a crazy cast of characters.

# Toast to Stunt

Green Knights Are Absolute Winners in '95

WE DID IT OUR WAY!

1-2-3-4-5-6-7-8—the one—the only—convection toaster factory!!!

The Green Knights made airplanes, toasted buns and conquered both the STUNT and STUNT Spirit Cup. Early in the year, Beth Hodges, Amy Benson, Jennifer Jones, Liza Lagade, and Elizabeth Mathis, the GK STUNT committee, began brainstorming to create what would come to known as "The Brave Little Toaster" or "Let's Get Toasted."

After months of hard work, they presented their creation to the class. Finally, it was time to rehearse. After hours of painting, dancing and singing, the Green Knights still found time to laugh and smile.

By March 4, the Green Knight class was exploding with energy as they presented their STUNT to the Wesleyan community.

From boogie woogie bomber girls and airstream travel trailers to Uncle Sam and the girls at Club La Rue, the Green Knights were a hit. Costumes and an artistic backdrop completed the 1940's feel of the Green Knight stage.

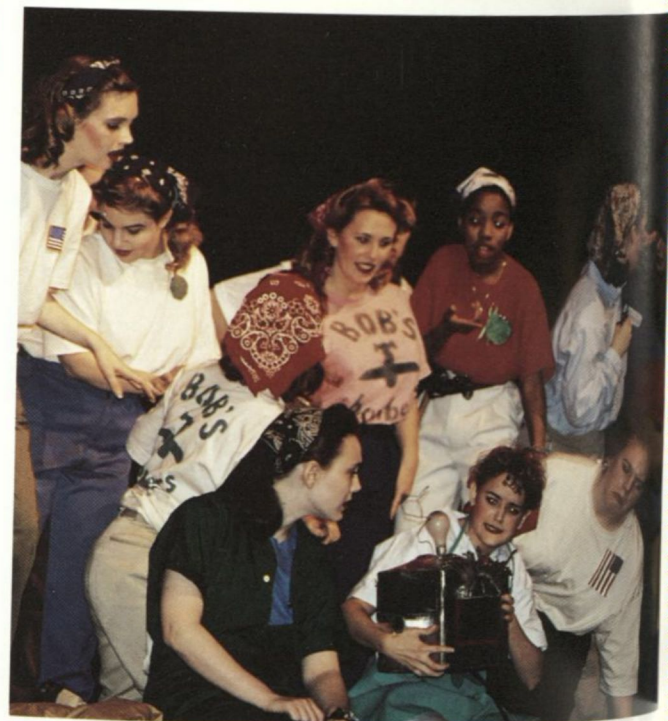

Thanks to the hard work and commitment of everyone involved, the GKs captured the heart of the audience. We made our dreams come true!

## Golden Hearts Go for the Gumbo with Gusto

Courtroom drama with Cajun flavor—the scene was set for senior STUNT. The spicy adventure started in Firespoint, Louisiana where Angelica Jackson was on trial for the grave robbery of Great Granny Lucile. Sporting gold shoes, Angelica must be the guilty one...or was she?

Seniors staged a small town “whodunit” with lawyers, witnesses, a judge and a jury. With song and dance acts ranging from Broadway musicals to country square-dancing, GHs pulled off a polished performance by Saturday night. And the two weeks of practices, paint sessions and costume hunting were a hectic but fun lead-in to their final STUNT.

Committee members Erinne Guice, Jennifer Aiello, Stacy Bray, Sheree Hollis, Keena Hammond and Catherine Atchley cre-

ated an unforgettable STUNT complete with quirky characters, Southern style and special effects. Sure they were off stage on STUNT night, but their faces smiling in “the pit” encouraged the cast to “ham it up.”

As for the class’s last performance, the finale said it all. “Jambalaya, crawfish pie, filet gumbo. And we hope you’ve enjoyed your time on the bayou. We’ve had big fun at Wesleyan, me-o-my-o, but we’re finally done, and it’s time to run, so goodbye-o.” With that, the Golden Hearts said farewell to another Wesleyan tradition.

# We Meet Again

## What Really Goes on in Those Meetings?

Faculty Follies. The time that students actually want to hear what their professors have to say. The time when students gather to watch their professors and other faculty members present a skit that has been rehearsed only once. Friday night's performance centered around faculty meetings and what really goes on during them. With President Ackerman presiding, the staff was pristine and proper. However, as soon as he left for a telephone call, mayhem broke loose. Darlene Mettler played the piano as professors sang their teaching woes.

John Rakestraw strummed his guitar and sang a song entitled, "Stand By Your Grade." Dressed as flappers, Rita Boydston and Mary Peckham crooned "Shootin' the Bull." Then, Joe Iskra and Marco Fatuzzo wailed that students "Can't Get No Correct Frac-tion." Regina Oost, Matt Martin and Del Crisp let everyone know how much they enjoyed the "Old Fashioned Grammar Rules." Helen Hollis, as Freud, and Jim Rowan, as Jung, were joined by the rest of the faculty as they sang "We Hate Meetings." And, for the finale, the entire cast sang their "new and improved" version of Wesleyan's Alma Mater. Other faculty and staff members participating in the follies were Beth Broyles, Tena Roberts, Rhonda Parks, Nora Eidelberg, Petra Schweitzer and Megumi Omori.

# Family Fun For All

Students Welcome Parents With Open Arms In Fall and Spring Weekends

One of the best things about college is the freedom from your parents; but occasionally it is nice to have them visit and fall back on. Most students would agree family weekend, in the fall, is looked forward to. This feeling of anticipation is especially their first year away from home. was the first opportunity students ing in August. Also, there are al- that Mom and Dad seem to re- end when the families came, there and siblings to do.

The Washboard Band, performace at the B-B-Q held on Also, the play "In the Beginning" was acted out for the families Friday and Saturday nights. The best activity of all, however, was the Oldies Dance in the Oval Hall. It was full of swinging and singing parents.

Another weekend held in the spring was full of families that came to watch their daughters perform in the annual STUNT. The auditorium was packed with proud parents taking pictures of the newly discovered actresses. Afterwards, CRC hosted a pizza party for the students and their families. Everyone was happy to see their parents and sad when they ahd to leave; but once again Wesleyan students were on their own.

Most Wesleyannes are from the Southeast, but for the students who come from Texas, California, Penn- sylvania, or other states/places far away, Family Weekends are welcome times for a visit.

From Court to the Quad, Weekend Fun-Filled

Excitement was in the air as Wesleyan prepared for the 1995 Spring Weekend. With the presentation of the Spring Court, the Spring Social, and BandFest there was plenty to be excited about.

The Queen and her court were presented at the annual Spring Social on Friday night. The senior representatives for the Spring Court included Marcia Fears, Andria Maldonado, Stephanie Russ, Jennifer Shermer, Truly McClellan, and Elizabeth Banowsky. The Off Campus Student

League representative was Ava Chambliss-Richardson. The Junior Class representatives were Terri Bagwell, and Yehudi Self-Medlin. Sophomore representatives were Beth Hitt and Julie Howell. The First Year representatives were Tamalyn Jackson and Beth Bonner. Truly McClellan was crowned Queen. On Saturday the

second annual BandFest was held from 3 until 12 on the front quad. This year BandFest featured 6 bands from around the Macon area.

The Green Knight class took advantage of BandFest and sold hotdogs, funnelcakes, and drinks as a fundraiser for their senior skip weekend. The food booth was a great idea and a nice addition to an otherwise wild afternoon.

# Alumnae Revisit Memories

## Golden Hearts of 1995 Are Inducted into Alumnae Association

The Golden Hearts officially became alumnae of Wesleyan during the annual Candlelighting Ceremony held in Porter Auditorium. At this time, each Golden Heart was asked to select one Wesleyan Alum to return to campus to "light their candle" and pass on the tradition of the alumnae society. The Candlelighting Ceremony coincided with Alumnae Weekend so that alums could be present when the newest members, Golden Hearts of '95, were inducted into the society. During the ceremony, awards were given to the alum that had travelled the farthest distance and the oldest alum present.

Also, the Macon Alumnae Association hosted a Senior Toast at the Macon Civic Club for the graduating class. This event gave the Golden Hearts a chance to meet, mix and mingle with local alums. H'ourdevoirs and champagne were also provided by the Macon Alumnae Association. Each Golden Heart was given a yellow rose by Alumnae Director, Cathy Snow, to commemorate the event. However, these events were not the only events that had Wesleyannes and Alumnae interacting with each other. Alumnae were present during Entrepreneurship Week, the intern and shadow programs,

Alumnae play a large role on campus. They are responsible for many of the improvements and "face lifts" that the campus sees over the years. The new Mathews Athletic Center and the rennovations in Wortham Dormitory are a result of the esteemed Alumnae.

## Graduation Marks the End of An Era

May 6, 1995. A day most Golden Hearts had marked in their calanders four years earlier.

Walking into the Rec Room, where Golden Hearts and hooders lineup for the processional, you are overwhelmed by the excitement in the air. Darlene Mettler can barely be heard giving her final instructions over the nervous chatter of the students.

Back in Porter Auditorium, nervous chatter can also be heard, but this is from the excited friends and family of the Golden Hearts of 1995. As Rod Pozo, Jenny Pozo's father said, "I am so excited to be here to see Jenny graduate. I am so proud of all of the hard work she put into her four years at Wesleyan."

On Dr. Mettler's cue, the Junior Marshalls lead the processional, consisting of speakers, faculty, seniors, and hooders from the loggia steps to the horseshoe driveway in front of Porter.

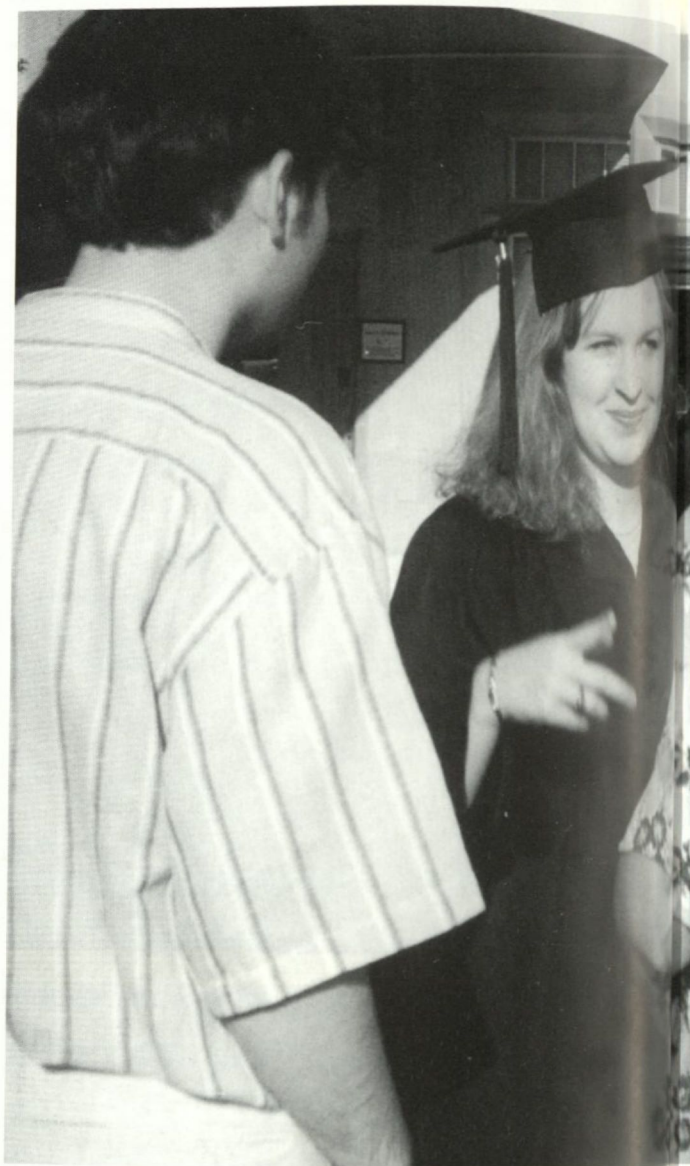

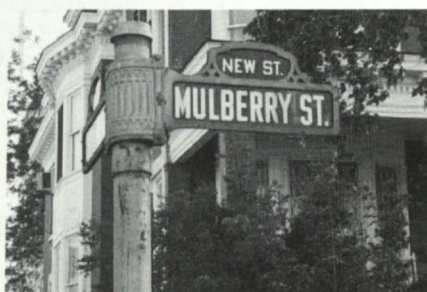

As the seniors walked down the aisles through the auditorium, emotions are at a peak as the culmination of four years of hard work and dedication is about to take place.

After listening to the heartwarming speech given by Commencement Spekaer, Linda Lane, the long awaited moment arrived. President Bob Ackerman awarded degrees and Dean Carole Brown announced the names of the graduating seniors.

Following the ceremony, parents, friends, graduates, faculty, and students were able to enjoy a reception hosted by the Alumnae Association on the front lawn. Many also used this as a time to snap one last picture of their favorite senior.

# *Songs* for Seniors

## GOLDEN HEARTS HAD MORE THAN ONE CHEER TO CALL THEIR OWN

It hardly seemed possible that three years had passed since Golden Hearts crammed the rec room to learn basic cheers from the Golden Heart Class of 1991. Now the days when the class cheer was the only cheer everyone knew were long over.

Seniors did more than use their creativity to write Homecoming fast and slow songs over the four years. From their first pep rally, Golden Hearts were adding to tradition. "For the Longest Time" was performed as a tribute to their Big Sister Pirates, then repeated as a special song for their Little Sister Pirates. New Golden Heart cheers followed as well: first for soccer, then for STUNT.

But seniors didn't let their new creations crowd out old songs. They just cheered louder and longer. Finally, in 1994, Golden Hearts enjoyed the privilege of singing the traditional senior song. —*Rebecca Calhoon*

# Hearts from Start

**OUR FUTURE'S SO BRIGHT,  
WE GOTTA WEAR SHADES!**

After four years it was clear that Golden Hearts lived up to their class cheer. They really were "Winners from the Start!" When it came to Color Rush, Golden Hearts had everyone beat...all except the Purple Knights of '98.

Homecoming seemed to be made for the Golden Hearts with victories ranging from spirit cup to spirit stick, penny race to MDA Links of Hope. Golden Hearts entered class competitions looking for fun, and that's exactly what they found.

Whether they were walking door to door in search of pennies or linking colorful construction paper in their rooms, seniors spent time together. Sometimes it was easy to forget that this was their last Homecoming, last STUNT, last pep rally. With a new class in the fall of '95, Hearts would start again.

# Time to Move On

**BUT FIRST, SENIOR YEAR IS ONE BIG  
"ONE LAST TIME" FOR CLASS OF '95**

Reality set in for the Class of 1995 in time for Commencement on May 6. From their first day of classes, they saw it coming.

Campus mailboxes brimmed with invitations to senior events. The Office of Student Life with Lizette Bartholdi and Evelyn Adams helped students balance major courses, graduate school applications and job searches. "Life after Wesleyan" was the topic of a February 20 dessert party and speakers sponsored by the Development Office. On March 30, the President's home opened for dinner. Seniors enjoyed this event, and then moved to The City Club of Macon for "A Senior Toast" given by The Wesleyan Alumnae Board of Managers.

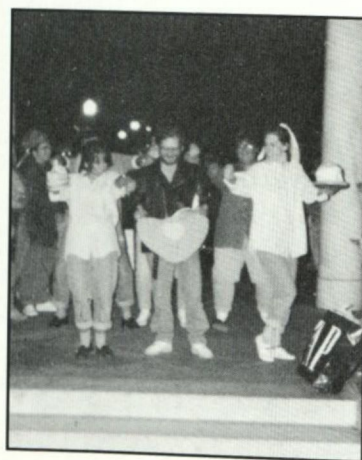

Fancy invitations from the Pirate Class encouraged seniors to r.s.v.p. for the Big Sister/Little Sister Banquet. All the planning of the sophomore class made April 10 a memorable evening for their big sister class at The Cellar on Cherry Street.

Moving up and Moving on... that's what these juniors and seniors are doing. At the move-up banquet Golden Hearts passed the senior song on to the Green Knights.

Coach Teresa Patterson lead the Wesleyan Pioneers to a 4 and 9 season. The four returning seniors and two juniors brought back to the team their expertise and knowledge of the game. While the first-year students added spunk and enthusiasm. With this combination the team's spirit soared throughout the season. To conclude the year, Coach Patterson presented Becky Mantsch with the Most Valuable Player Award and Margaret Heuer with the Coaches Award.

## Green Knights

# Green with Envy

BY S. SELENSKY and E. BOWLING

**G**reen Knights' soccer team scored the most goals ever during their junior year. They even won their very first game, but the season did not end up as successful as it begun. Susan Selensky was awarded both the MVP and Most Spirited Player Awards.

Another milestone for the year, the GK's made it to the Championship Basketball Game. Denise Lemos made the most baskets and Susan Selensky was once again voted MVP and Most Spirited Player.

## Golden Hearts

# Gold is Old, I'm Told

BY SUSAN SELENSKY

**G**olden Hearts worked well to gether after their four years at Wesleyan. With many fans and mascots, the Hearts did their best both on and off of the field. Even though they did not make it to the Championship Game, their spirit shined through.

However, when class basketball rolled around, the seniors seemed to be very preoccupied with the rapidly approaching graduation that they did not have enough players to form a team, except in spirit.

## Alma Mater

*Hail, Wesleyan, thou emblem of all that is grand  
The noblest, the greatest, in all our fair land;  
Thine ideals are honored, thy name always blest;  
A fountain of knowledge, the oldest and best.*

*A star in the dark is thy glorious past,  
Forever and ever thy glory shall last.  
Upholding thine ideals, thy daughters shall be  
True, faithful, and loyal, dear Wesleyan, to thee.*

## *About this* Edition

Walsworth Publishing Company of Marceline, Missouri printed 400 copies of the 1995 *Veterropt* with an 8 ½ by 11 trim size. This edition's cover was four-color lithographed, smyth sewn, rounded and backed. Cover photographs were merged by Walsworth artists, and the cover's lithograph portion was hot-foil stamped with HF #819. Volume 81 contains 160 pages including 16 four-color pages. The Wesleyan College yearbook staff produced these pages on Macintosh computers using Aldus PageMaker, Aldus FreeHand, and Type-Style. Decorative type faces used in this edition include Gill Sans and Flemish Script. *Veterropt* staff wishes to thank Public Relations and *The Pioneer* staff for several photo contributions. Many thanks to our Walsworth representative Susan Appling for her advice and patience.
